Lionel Delevingne will be at Impact Hub Kyoto to present and speak about the photographic images from his book "To The Village Square", with comments from Aileen Mioko Smith of Green Action (Kyoto). We look forward to a lively discussion with audience and speakers.

To the Village Square

From Montague to Fukushima: 1975- 2014

Retracing the birth of the safe energy movement starting in Montague, Massachusetts in 1974 through Three Mile Island, Chernobyl and Fukushima.

<http://www.tothevillagesquare.net>

"To the village square we must carry the facts of atomic energy.
From there must come America's voice."

Albert Einstein, June 1946
